Editor's Note

This is a product of student and faculty research. Our policy is to turn the class room into a site for intellectual production as well as consumption. A small group of graduating seniors were able to make substantial contributions to this bibliography.

World Cat was very helpful in our work. (<http://www.worldcat.org/>).

We limited the newspapers to three: *The Boston Globe*, *The New York Times* and *The Washington Post*. There is much more work to be done.

We think there are more titles at the MA thesis level that need to be added.

Please share this resource with fellow students, researchers, and activists in the struggle for Black liberation and social revolution.
